Millers Cum Transporters is also informed that any deviation in quality specifications are terms and conditions are noticed the said Millers Cum Transporters will be blacklisted from participating in further tenders of the corporation besides recovery of any loss /damage sustained by the corporation in this account

- 1) Stocks having refractions in excess of the tolerance limit stands summarily rejected. The decision of the Corporation is final and binding on the miller.
- (2) The Corporation is very keen in accepting only good quality DALL strictly conforming to above specification. The stock supplied should be free from artificial colour, sound merchantable condition, sweet, dry, clean, wholesome, free from moulds, living insects, obnoxious smell, discoloration and admixture of deleterious substances and all other impurities except to the extent as indicated in the specification as above
- (3) At the time of delivery of stocks by the miller, the stocks will be subjected to quality check by the quality control staff of the APSCSC Ltd. at the unloading godowns. Samples will be drawn as per the usual procedure of APSCSCL in the presence of miller or their authorized representative. One sealed sample so drawn will also be given to the miller. In the event of supply of stocks not conforming to specifications as indicated in the specification as above, such stocks are liable for rejection. The sample so drawn will be sent to the APSCSCL Laboratory for quality check. Quality Certificate for the refractions thereon will be issued by the Quality Control authorities concerned. The decision of the quality control staff of APSCSC Ltd., at the unloading points/Laboratory will be final and should not be disputed.
- (4) A copy of the analysis report will be given to the miller or their authorized representatives and acknowledgements obtained. The APSCSCL also reserves the right to undertake Quality Check through Independent and Reputed Analytical Laboratories, if found necessary.
- (5) Successful bidders should furnish their clear local address to facilitate dispatch of party copy of the Quality Certificates by the respective Regional Laboratories.
- (6) Appeal against the Quality certificates can be preferred with the respective District Managers within 15 days from the date of receipt of the Quality Certificates by emitting a sum of Rs.1600/- (Rupees one thousand six hundred only) per quality certificate at the respective Regional Offices towards reanalysis charges. If no appeal is made within the stipulated period for reanalysis, it will be construed that they have no dispute over the percentage of refractions indicated therein.
- (7) As the moisture content of the grain is bound to vary depending upon the atmospheric temperature and humidity, no appeal will be entertained for the moisture content recorded. Moisture content of the grain once decided on the spot or determined in the laboratory and the same will be final. Wherever Moisture content of grains in the godown assessment and laboratory assessment differs, higher moisture between these two readings will be adopted for imposing monetary cut for moisture content. As moisture content is decided on the spot, no dispute will be entertained for re-examination of the moisture content at any stage
